FINANCE AGAINST SECURITIES

Presenting your *life support*
in the fiercely turbulent stock market

FINNESS
FINANCE AGAINST SECURITIES

Given the volatility of the stock market, the very task of constantly monitoring the securities held by banks and financial institutions is an extremely complicated, risky proposition. Besides, of course, the vital issue of managing customer limits!

Thankfully, Finness FAS is here. A secure and reliable business management tool, from the unchallenged leader in IT solutions for banking & financial services.

So play safe with Finness FAS from Nucleus.

Secured Financing
