

Think banking...  
think finance... think IT.

Think banking...  
think finance... think IT.

*Do this for sixteen years  
and you'll know what it is to be Nucleus Software.*

At Nucleus we are proud of our unidimensional obsession with just one industry - Banking and Financial services.

Day in and day out, for the last sixteen years, we've honed out IT skills exclusively in this sector. This focus has helped us acquire an unparalleled wealth of knowledge and insights about the financial services business. Working closely with industry leaders helped us to understand and address their unique needs better. In the process we have created and delivered some of the most sought-after financial software and innovative customized solutions to the who's who in the industry. From India to Singapore, Japan to Mauritius, Australia to USA, major banks and financial corporations find working with us more rewarding.

Besides, we complement our expertise with a kind of commitment that's rare in this business. Which partly explains, our loyal and enviable customer base.

**So if you're looking for an IT solution in Banking and Finance, come to someone who's passionate about creating it.**
